SPRING FLING

What is the Spring Fling?

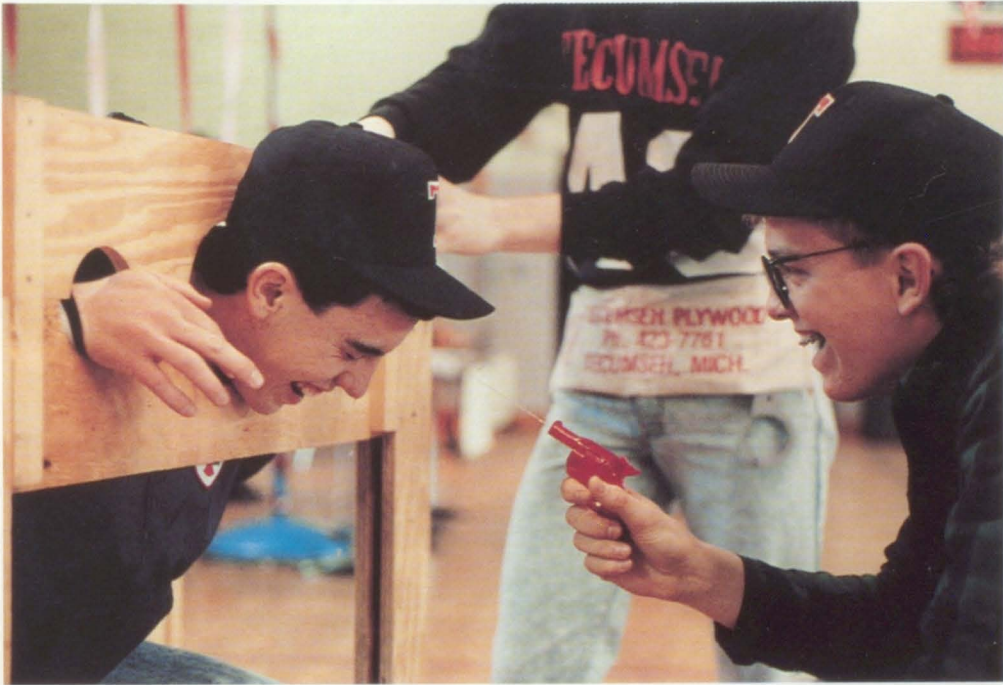

Many students ask this question but never seem to find an answer. Spring Fling is an exciting carnival put on by many Tecumseh High students. It is held every year in the high school's gym at the beginning of Spring. This

year it was held on March 24. Many people attend the Spring Fling as all of the public is welcome. At the Spring Fling you can enjoy events such as face-painting, tossing the ball to win a goldfish, putting friends in jail to face the consequences, or even throwing

the ball in the dunk tank where you can dunk the wildest and craziest people. You may also fill yourself up with loads of cotton candy, popcorn, or pizza that is being sold. Everyone who attends the Spring Fling finds fun!

A dunking comes as no surprise to senior Keith Hug.

Heaven In Your Eyes

It was a very elegant setting for our THS Junior/Senior Prom this year. The event was held at the Radisson Resort Hotel in Ypsilanti, Michigan, April 28, 1990. Couples enjoyed the music of Michael Ortiz, and captured the moment with pictures by Precious Portraits. The theme of the en-

tire evening was "Heaven In Your Eyes." Keychains and glasses were memorabilia for the prom.

Everyone seemed to enjoy the food, punch and the variety of fresh fruits. The evening came to a close with most going to the After Prom Party, an event put on by parents. An

assortment of prizes were given out some every 15 minutes and the grand prizes, at the end of the party. Also a selection of food was served at the party including hot dogs, chips and pop. All together, the night was a hit. Here's hoping that the rest will be as great as this year's was.

Are we having fun yet? John Neitling, Jen Brunetz and Errett Manwaring seems to be enjoying themselves.

What enthusiasm! Jonas Carter and Terri Balog discussing the bow tie ritual while Pam Williams looks for her date.

Sara Stuckey and Nichole Goodman take a moment to glance toward our photographer and show the good time they're really having!!

Any questions? Please ask our fashion consultant Jason Hicks.

WINTER WONDERLAND

Where can you go to have a lot of fun instead of sitting at home on a Friday night? Well most of the THS students went to the dances held in the cafeteria after home games. A lot of students come to dance, but then again it's a social gathering too!

SENIORS

"The Best Part of Class Night is . . ."

"What I'm looking forward too, is the skits and games that will be done in front of parents and underclassmen - just to feel the excitement build knowing that this will be our last performance in this school. It's also fun to see your classmates on the wild side, just doing stupid things. To close-out just after Class Night, there is always a Class Party to look forward to."

Brad Mukensturm

"One good thing about Class Night is that it gives everyone a chance to see everybody one last time, to say goodbye before everybody goes their seperate ways and forget about everyone."

Vito Aiuto

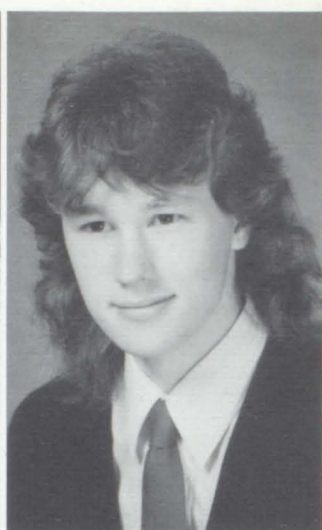

"It's a lot of fun getting together with all the seniors and seeing everyone for the last time."

We remember a boy who left a little bit of himself with each of us, which we should treasure and nurture so that we too can handle life's darker moments with compassion, honor, and style. Josh overcame hardship and discomfort with a dignity that could not be denied.

The openness of this family and their willingness to share Josh and his illness with us helped all of us to learn more of the meaning of the phrase "we are . . . our brother's keeper." The bounds of friendship and care are far deeper than if they had only held Josh close within their family. We thank you Greg and Carol, Sean and Brandy, for letting us become part of your extended family. We have learned more about giving . . . and caring . . . and tolerance . . . and love.

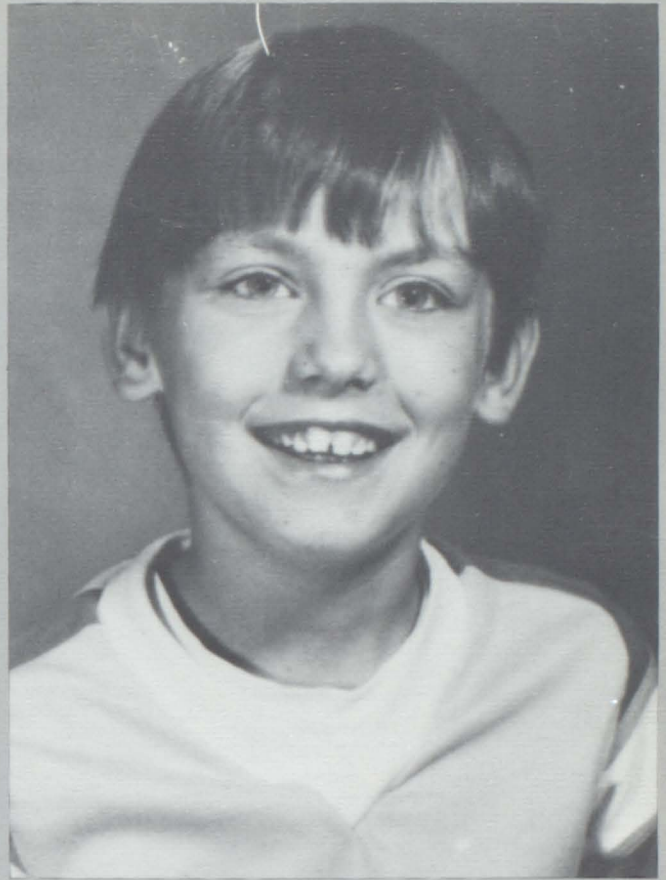

We're reminded how precious and special and valuable each human being is.

We are now discovering how much Josh left behind in kind deeds and happy memories.

Today we remember a prince of a young man.

We remember a boy who completely stole the show with his costume at a Halloween parade, whose grin and sense of humor were hard to suppress, who was generous and fair, brought out the best in others, inspired his teachers and made everyone his friend.

Dear Class of 2003,

As you may, or may not know, we the T.H.S. Class of 1990 are graduating this year. And as our beloved school days come to a close, we look back fondly on all that has happened and all that we've done. Believe us, it goes fast, and if you don't take a moment or two to look around, it might pass you by. Thinking of these things made us wish that we had had someone to help us out a little bit, give us some hints as to what was going on. And knowing that you are entering kindergarten this year, we decided that that's what we are going to do for you; submit to you a brief history of our class. Learn from it what you will, but don't blame us if you screw up a little bit, too. We're not perfect.

It all started on a gray rainy day in September of 1977; about 220 of us packing off to our local elementary in our stylish yellow raincoats to see what this "school" thing was all about. Most of us really liked it — at least until they told us we had to come back everyday. Overall though, we did alright. Oh, yes, Tip #1: nap time is very, *very*, good. Take advantage of it. We know you hate it now, but believe us, you'll kill for it in about ten years.

School was quite interesting. We made a lot of new friends, a few enemies, and tried as best we could to get things right and stay out of trouble. We went to the Young Author's program, Superspell, various field trips, and had a blast at Field Day, where it seemed that every school claimed they won. All and all, most of us were warming up to this school idea, although we still counted the days until summer vacation. We still do.

In 1984, our sixth grade year, some of us lost a very special person, Joshua Kazmierzak, who attended Rideway. In his loss, we felt pain, but more than that it taught us how special life is, and to remember to make sure that we lived every

moment of our lives as best we could, as Josh had tried. Most of all, it taught us to stick together, to count on one another, We're all in this together: remember that.

On to the Jr. High. All of a sudden we had two more floors, five more teachers, and about 180 more classmates. New friends, new fun, and a new thing called an 8th hour. Some of us learned a lot more about those than we would have liked. Also, we do admit, a few of us got lost once . . . or five times. Oh well, And guess what? It wasn't half as scary as they said it would be. It was actually kind of fun. We played Jr. High sports, with moderate success, and for the first time participated in student government. It was also the beginning of Keith Hug's stranglehold on the class presidency. Why not? He did a good job.

Before we knew it we were at a thing called Freshmen Orientation at the High School. Wow, was that building HUGE! Tip #2: as intimidating as it may seem in the first couple of days, the high school is in fact, pretty small. By your senior year you'll be referring to it as a "tin can."

Freshmen year: not only was the building big, the students were too, and not exactly rolling out the Welcome Wagon for us. More than ever we had to stick together, for encountering an upperclassman football player in the bathroom alone could be a fatal mistake. Tip #3: it is the moral obligation of the upperclassmen to intimidate and humiliate all the freshmen. Just try to keep a low profile, and you won't get hurt. That badly.

Out 1st year in the "big house" went quickly. Our float for homecoming, co-built by the Sophomores won 1st place which was nice, but our team lost. This turned in to a bit of a tradition for the team, but we had fun all the same. We played Freshmen sports, but we're not sure anyone knew. We sometimes outnumbered our audience. Still, we made

the best of it.

Our first year in high school was done. We were no longer measly freshmen, although the fact that we were freshmen never stopped us from utilizing Senior Skip Day. Nor did it the next year. Nor the next. Tip #4: the "senior" part of Senior Skip Day is merely a formality. If you are a student, skip it.

1987, 1988, 1989, Every year went faster than the last, and the longer we were there, the more accustomed we became to things at T.H.S.: pep rallies, assemblies, Friday football and basketball games, Saturday schools (the descendant of the 8th hour), clubs, sports. Nearly all of us have a story or two about most of these things; some of us were more involved than others, and that's O.K. Which leads us to Tip #5: do what you want. Getting involved with school activities can be the greatest thing you've ever done. But only do what you want to do; be yourself.

The fall of 1989 came quicker than we could ever imagine, and the year passed quicker yet. The year went well, as far as we could tell. Our sports teams did great, for the most part (basketball, volleyball, baseball), and we had fun playing as well as cheering (we built "the Jungle" into the best cheering section around.) As for academics, Jen Sisty, Micah Cross, and Mike Ortiz were our valedictorians. But, most of all, we had a lot of fun. And we think that's pretty important.

So there it is. Our class history in a nutshell. We had our downfalls and made our share of mistakes, but for the most part, we didn't do too badly. We wish we had some parting words of wisdom for you, but we don't. However, if you remember one thing, remember this: getting there is all the fun.

Sincerely,
The Class of 1990

SR. ATHLETES

Cori Kastel

Softball: 4 yrs, Basketball: 2 yrs
Volleyball: 2 yrs.

Sports taught me that working together makes for a more enjoyable and successful season.

To younger athletes: Never give up!!

Terrie Ellison

Basketball: 4 yrs, Volleyball: 4 yrs, Softball: 4 yrs.

Sports taught me the importance of using teamwork.

To younger athletes: Stick with it and put forth as much effort as you can.

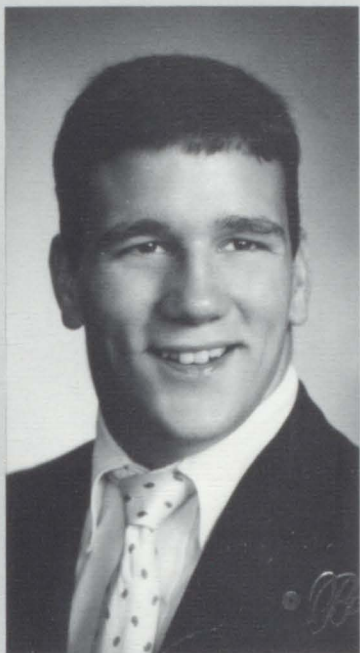

Linda Finnema

Swimming: 1 yr, Volleyball: 1 yr
Track: 1 yr.

Sports taught me that you have to practice almost every day.

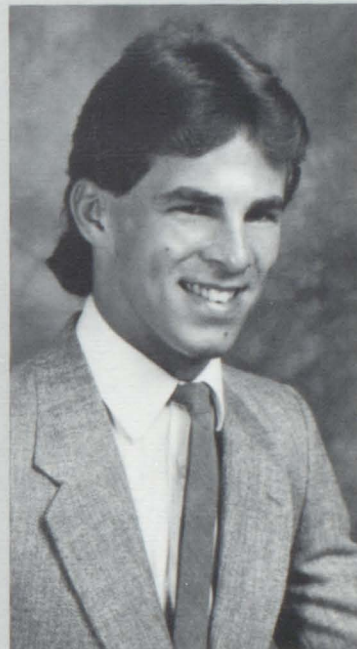

To younger athletes: Don't give up!!

SR. ATHLETES

Kip O'Leary
Football: 3 yrs. Wrestling: 4 yrs.
Cross Country: 1 yr.
The most important thing I
learned from sports was to ac-
cept losing along with winning.
To younger athletes: Work hard
and believe in your dreams.

Vito Aiuto
Basketball: 4 yrs.
The most important thing I've
learned from sports is to have a
winning team, you must have
great teamwork.
To younger athletes: Make the
most of all the time you spend
in sports.

David Greene
Cross Country: 3 yrs.,
Swimming: 1 yr., Track: 4 yrs.
Sports has taught me a lot
about myself and how to relate
better with people.
To younger athletes: Set goals
for yourself and strive to
achieve them also, never let
your ego get in the way of a
good sportsmanship.

CLASSES

Industrial Ed.

Industrial Education, an essential part of general education, helps students prepare for college courses by giving the students experience in the field they are working on. The Industrial Education classes include: Introduction to Woods, Introduction to Metals, Power and Energy, Metal Fabrication, Machining of Metals, Wood Technology, Introduction to Electricity, Drafting I, and Machine Architectural Drawing.

Industrial Education classes along with the Art Department classes, do a lot of exciting things through the course of the year — including the events leading up to one spectacular art show. The exhibits include projects that the students have done throughout the year.

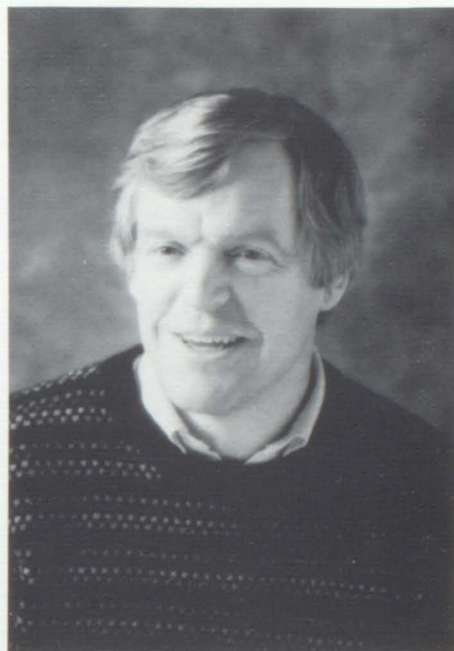

Top to bottom: Mr. Gross, Mr. Feldman, and Mr. Ondrovick.

Art

The Art Department does a lot of exciting things besides the joint show with the Industrial Education program. A few of those things are: doing a mural for the Jungle during TICWISS, making baskets, working on poster arrangements, and working with ceramics.

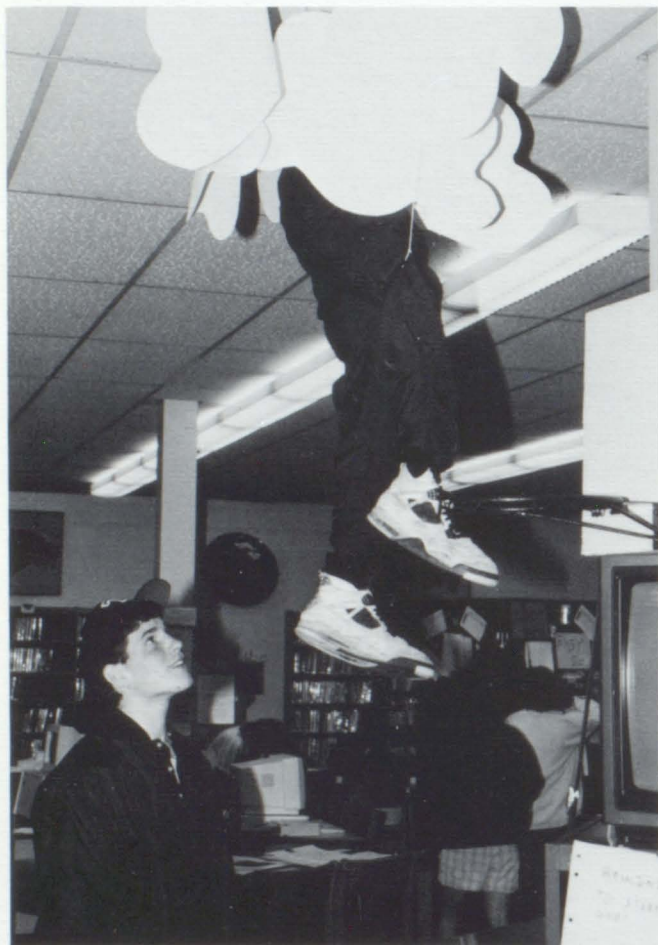

An art student benefits most from a good imagination.

The Art Department consist of many different courses including: Studio Art, Drawing 1, Drawing 2, Advanced Placement Studio Art, Art and Design, Ceramics 1, Ceramics 2, Crafts 1, Crafts 2, Painting, Sculpture, Jewelry, and Commercial Art.

Top to bottom: Mr. Frenzen and Mrs. Merrill.

Student Exhibition

Terry Campbell looks upon the writing illustrations in awe.

Jessica Bennett admires the art work.

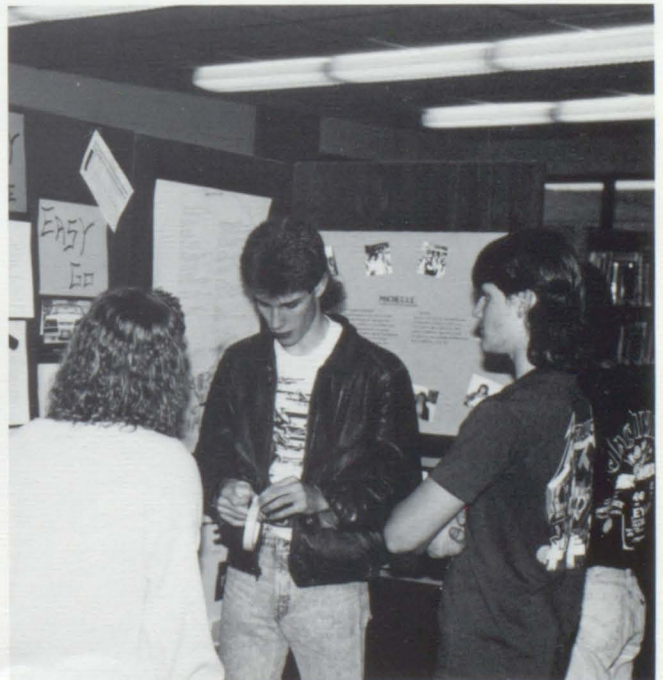

Quite an assortment of projects were displayed on May 17-18. Students from many artistic classes submitted work. All types of artwork was displayed including: constructed houses, paintings, and ceramics. Home economics displayed foods, clothing, designs, and even entertainment, *The Simpsons*. Awards were handed out to those who had done

exceptionally well.

There was a great display in the library for the Celebration Of Writing. Many different kinds of writing were submitted. There were poetry, stories, (fiction and non-fiction) and some very good videos on display. Everyone worked very hard to pull the exhibition together, and they all did a great job.

Top: Paul Geiger stands proudly by his work. Bottom left: There were so many excellent projects it would be hard to pick a favorite. Bottom right: Steve Brown and Jeff Holtz discuss the celebration of writing.

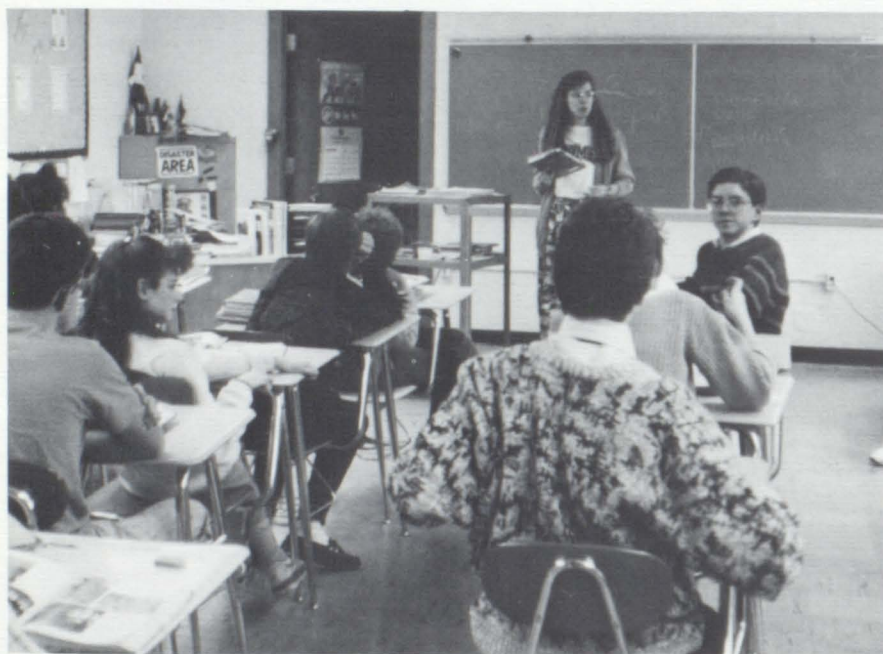

Esté la porte! Languages

Do you know that most colleges require at least two years of a foreign language? Well Tecumseh has some of the best programs geared to help you meet these requirements. Both Spanish and French are taught by fine language teachers, Senior Mejia and Madame Wilson. There are many

advantages to taking one of the languages offered. One, is if you decide to travel to the country where that language is spoken, you'll be able to associate better, two, becoming an exchange student, and three, college. These classes do more than just speak in unison! The students learn

the way of living in the country also. Becoming educated in a foreign language is very important, so consider the fact that it may determine your college entrance.

THE SYMPHONIES

The 89-90 season for the Shooting Stars started one week before school began. In Band Camp incoming freshman learned the formations, sophomores and juniors polished what they learned in the past years, and the seniors finalized their high school marching band career. All their hard work and practice paid off as they received a II rating at a march-

ing band festival which was held in October.

As the football season ended, the Shooting Stars split into Concert and Symphonic Band and began the concert season. Mr. Rice is justly proud of both bands; the Concert Band is a strong 50 members, plus the Symphonic Band made a recording of one of its pieces of music and sent it

to the composer.

In the spring both bands will be traveling to District Festival. In anticipation of the event Mr. Rice said, "This band will receive straight I's." Also in the spring both bands will be wrapping up their year with the Collage Concert and Graduation Ceremonies.

Left — Ready for action, our fearless leader Mr. Rice is conducting "Land of Make Believe." The same piece that was sent to Chuck Mangione.

The Height Of The Door =

Tecumseh High School has every kind of math class that you could think of. We've got Pre-Algebra, Algebra, Geometry, Algebra II, and Pre Calculus.

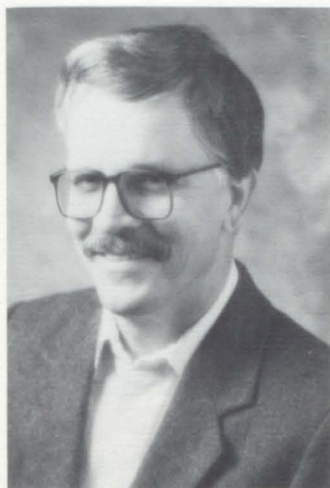

Many sophomores and juniors were quite surprised when they saw a lot of

freshmen in their Geometry classes. Surely, some of the freshman were surprised to be there as well. But everybody is trying their hardest to get along and help each other despite the age difference.

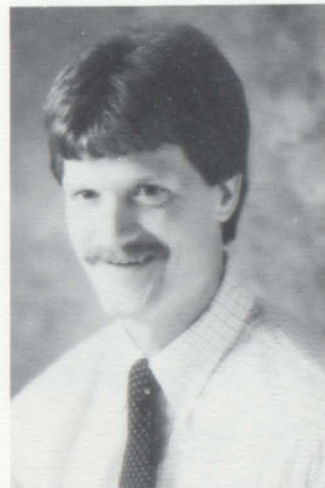

This year's math teachers are (starting from top left): Gary Kastel, Kathleen Kelso, Elizabeth Lentz, Carl Novak, William Raeburn, and Victor Stevens.

SCIENCE

Testing the New Door

The 1989-1990 science teachers are: top left, Paul Cunningham; top right, Jim Curth; middle left, Sue Ellis; Middle right, Eric Ferwerda; bottom, Gerald Nelson.

Tecumseh High School offers a wide variety of sciences. From General Science to Chemistry, Biology to Physics, chances are T.H.S. has exactly what you're looking for.

A vast amount of students who plan to go into a medical field can be seen in Biology I or II or Chemistry. These who plan

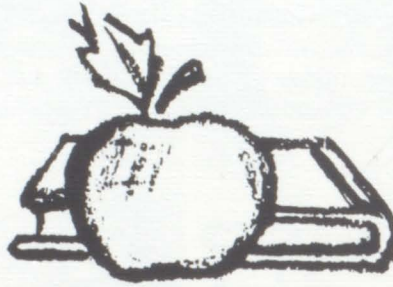

to go into a historical science field may be seen taking Earth Science to learn about the Earth's surface. Still others just take whatever catches their interest or to fit graduation requirements.

So, if you like dissecting frogs or cats or if you like studying the Earth's rocks, T.H.S. can definitely fit your interests.

Whoist Thou at Thy Door?

What is there to say about English? Sophomore Scott Meredith says "It's the most dreaded class on earth!" Is this the truth? It probably is, but it is a required class for three of your four years at the high school. We have a very good staff for this department — All taught by experienced English teachers. English has many classes in this department. Students actually have a chance to show off their abilities to write. Many schools do not give this wonderful opportunity. Instead of just tossing the writing away, they put

their writing in the Writing Exhibit. Thanks to all of the faculty of the English classes, THS has a very fine program offered to our students.

Publications What You Need!

Forming the yearbook really takes hard work, responsibility, and a lot of patience. The staff breaks down into groups and are assigned different parts of the book. The staff does a lot of reporting and typing.

The staff also are qualified sales agents. They sell ads and yearbooks for their funds. By going out into the public, students gain confidence in public speaking. This is a skill everyone should have in today's working world.

Photographers take a lot of pictures of clubs, sporting events, and candid. They also use the darkroom to develop their own black and white pictures. Photographers that are inexperienced with a camera and/or developing film are giving the opportunity to learn it for themselves.

Everyone keeps pretty busy, but the advisor, Mrs. Lancaster, and the editor, Jonas Carter, really tried to keep things in perspective. If someone writes up a piece of copy, we proof read it. If she has an idea, she presents her view to the class.

Journalism 1989-90 definitely hit the computer age. Everyone gained experience with the MacIntosh computers. The length of the paper expanded from eight pages to twelve. This provided more room for great pictures and, of course, more interesting stories. Instead of the old name, "The Orange Spiral," the title became The "T.H.S. Tribune." An even larger change came at the beginning of the year when Mrs. Lancaster was found sitting at her desk with the rest of the staff, but they helped her along the way. She did a very good job in making them discover their hidden creativity. The T.H.S. Tribune was turned into a professional and exciting form right in front of their eyes!

Experimenting with computers, editor Jonas Carter, Niki Brady and Scott Meredith, take a few extra min-

utes trying to decide how the computer disk stores articles.

Smiles and giggles is what Missy Follas gets out of Journalism. What this picture doesn't show is her ability to work very hard on different stories or other subject matters.

Door to success

T.H.S. is very proud of the careers program that the school has to offer. It helps the students get a better idea on what is waiting for them when they leave high school and enter into their new lives away from home. Pictured below is the T.H.S. teacher of the career program Mr. Nix.

WORKOUT IN TECUMSEH

Aerobics, body conditioning, and swimming classes were a great success to both teachers and students! Students work hard and have fun to keep in shape and in good health.

Meanwhile, the teachers are there to make sure the students work out and use the right skills and techniques. There are many different exercises and activities in these three classes.

The one thing that these classes have in common is that they are all worth being in and both students and teachers have lots of fun.

Debbie Spring, Alice Hamlin, Vivian Jackson, and Ginny Hella help Elis Welsh take a dip in the pool.

Colleen Bowman and Kelly Bambach give us a quick smile while swimming across the pool.

Mr. Reed concentrates intensely as he, along with Mike Doan, and another coach judge a diving meet.

Some students in aerobics class get down to the music.

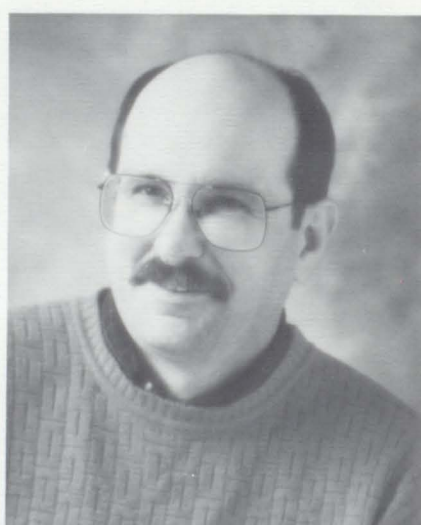

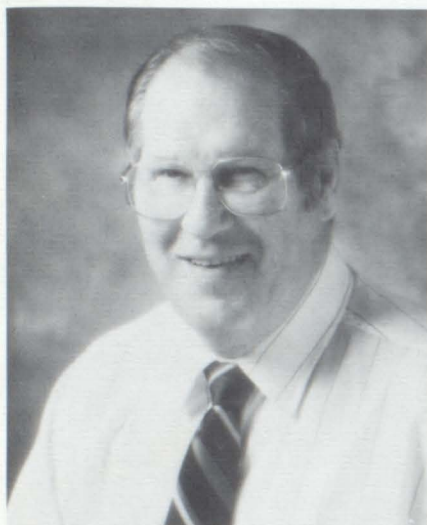

Jay Habecker lets out a breath of air while working up his leg muscles.

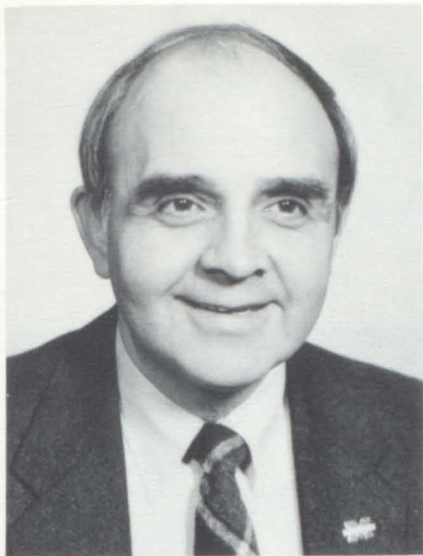

Mrs. Richardson taking a break as her students work hard to keep moving.

Social Studies

T.H.S. has a fantastic social studies program. The teachers who teach the classes are pictured from left to right: Mr. Connors, Mrs. Roberts, and Mr. Beham. Second Row: Mrs. Stevens, Mr. Crittenden, and Mr. Glenn. Top of the second page: Mr. Roesch.

T.H.S. social studies program has various class for students to take. The four required courses are Basic Social Studies, Career Planning, History and Senior Social Studies.

But there are plenty of other social studies classes such as World Geography, Tecumseh and Michigan History, World Affairs and Psychology.

Some classes such as Tecumseh and Michigan history visit the historical museum and take bicycle trips around the community. They also visit some of the downtown businesses.

In other classes such as Senior Social Studies the students and teachers run a mock economy. During the mock economy the students are taught how to run a real city.

Even though most of the students don't appreciate social studies, in the long run it could be fun.

Mr. Beham gives his senior class one of his most educating lectures.

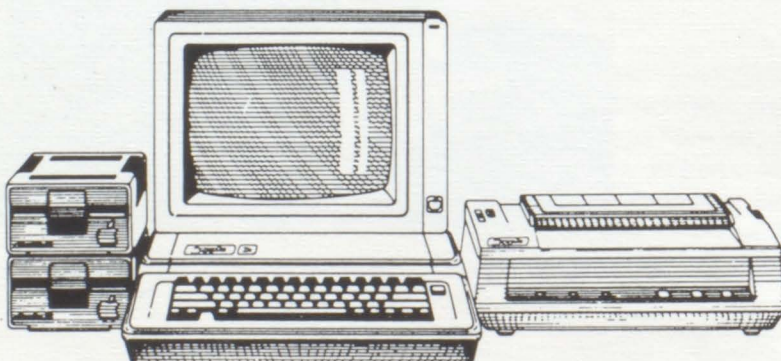

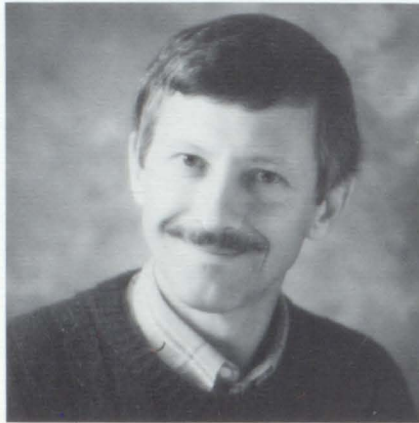

Jason Betz and Mrs. Stevens have a little conversation about him looking out the door way.

Special Ed.

The Special Education students do many things a lot of people don't know about. Orthopedic students swim every other Friday, and they go to gym once a week. The students in the special ed. class have the opportunity to learn foreign languages, home economics, and art. They also use computers. Some students can't use the keyboard; therefore, the computer is equipped with an electronic head set to help them move the curser. There are also special sessions to help students with their speech.

The people who teach these students are Mr. Herman, Mrs. Wigner, Mrs. Klote, Mrs. Hamlin, teachers; Mrs. Rittenhouse, Mrs. Hella, assistants; and Mrs. Kennedy, the speech therapist.

Top to Bottom: Mrs. Klote, Mrs. Wigner, Mrs. Rittenhouse, and top left: Mr. Herman.

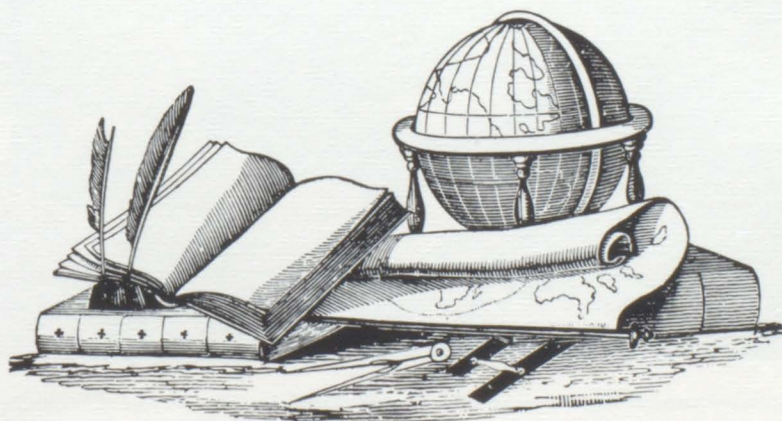

Knowledge Door

The library at T.H.S. provides students with the opportunity to read, do research, work on the computer, and do homework.

There are three different people who run the library: Head Librarian, Marilee Norris; Secretary, Judy Grieman; and Repairman, Harry Sabourin.

Top: Marilee Norris. Bottom: Judy Grieman.

Awards Night "Excellence"

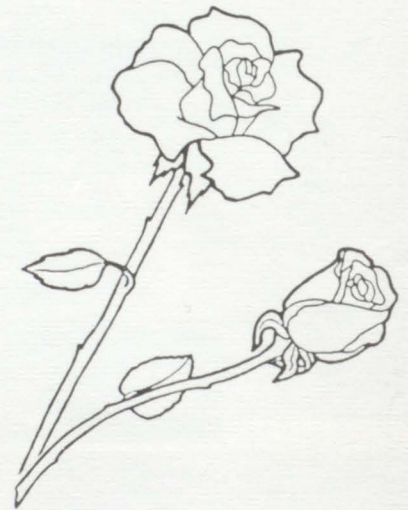

May 15, 1990 marked the 15th annual Awards Night at the Civic Auditorium. The Master of Ceremonies was Mrs. Wilson, and presenting all the awards were several of the teachers and some special guests who presented these awards. Mr. Lacny presented the special awards at the end of this evening. This eve-

ning was dedicated to those who do exceptionally well; or in other words to award academic excellence for the outstanding performance of the year in class. This night also brings forth the presentation of: Hugh O'Brien Award, D.A.R. Good Citizen Award, M.E.A.P. 100% awards, Outstanding Student Council Member, Seniors

with 3.0+ G.P.A. Academic Letters, Presidential Academic Fitness, Academic Certificates, and in all the classes offered at THS. Congratulations to all those who received an award for outstanding work for the year 1989-1990. Good job to the great work demonstrated by all these fine students!!

Joe Balog receives an award for Physics from Mrs. Wilson, with a handshake and a smile to go along with it!

A Tribute:
Mrs. Kinnard

A few especially unique things about Mrs. Kinnard to the students were the way she took time to care and that she enjoyed helping others. She liked her job teaching. It gave her joy to be able to enlighten young adult minds and give something special to students. She was also very fun and interesting in that she had a special way of teaching that was very enjoyable.

I don't think anyone should be sad about the things that were lost, but they should think about happy things that were given by Mrs. Kinnard. And I think that it's what she would have said in so many words.

Chad Cubberly

Immortality

Do not stand at my grave
and weep.

I am not there. I do
not sleep.

I am a thousand winds
that blow,

I am the diamond
glints on snow.

I am the sunlight on
ripened grain.

I am the gentle autumn
rain.

When you awake in the
morning's hush,

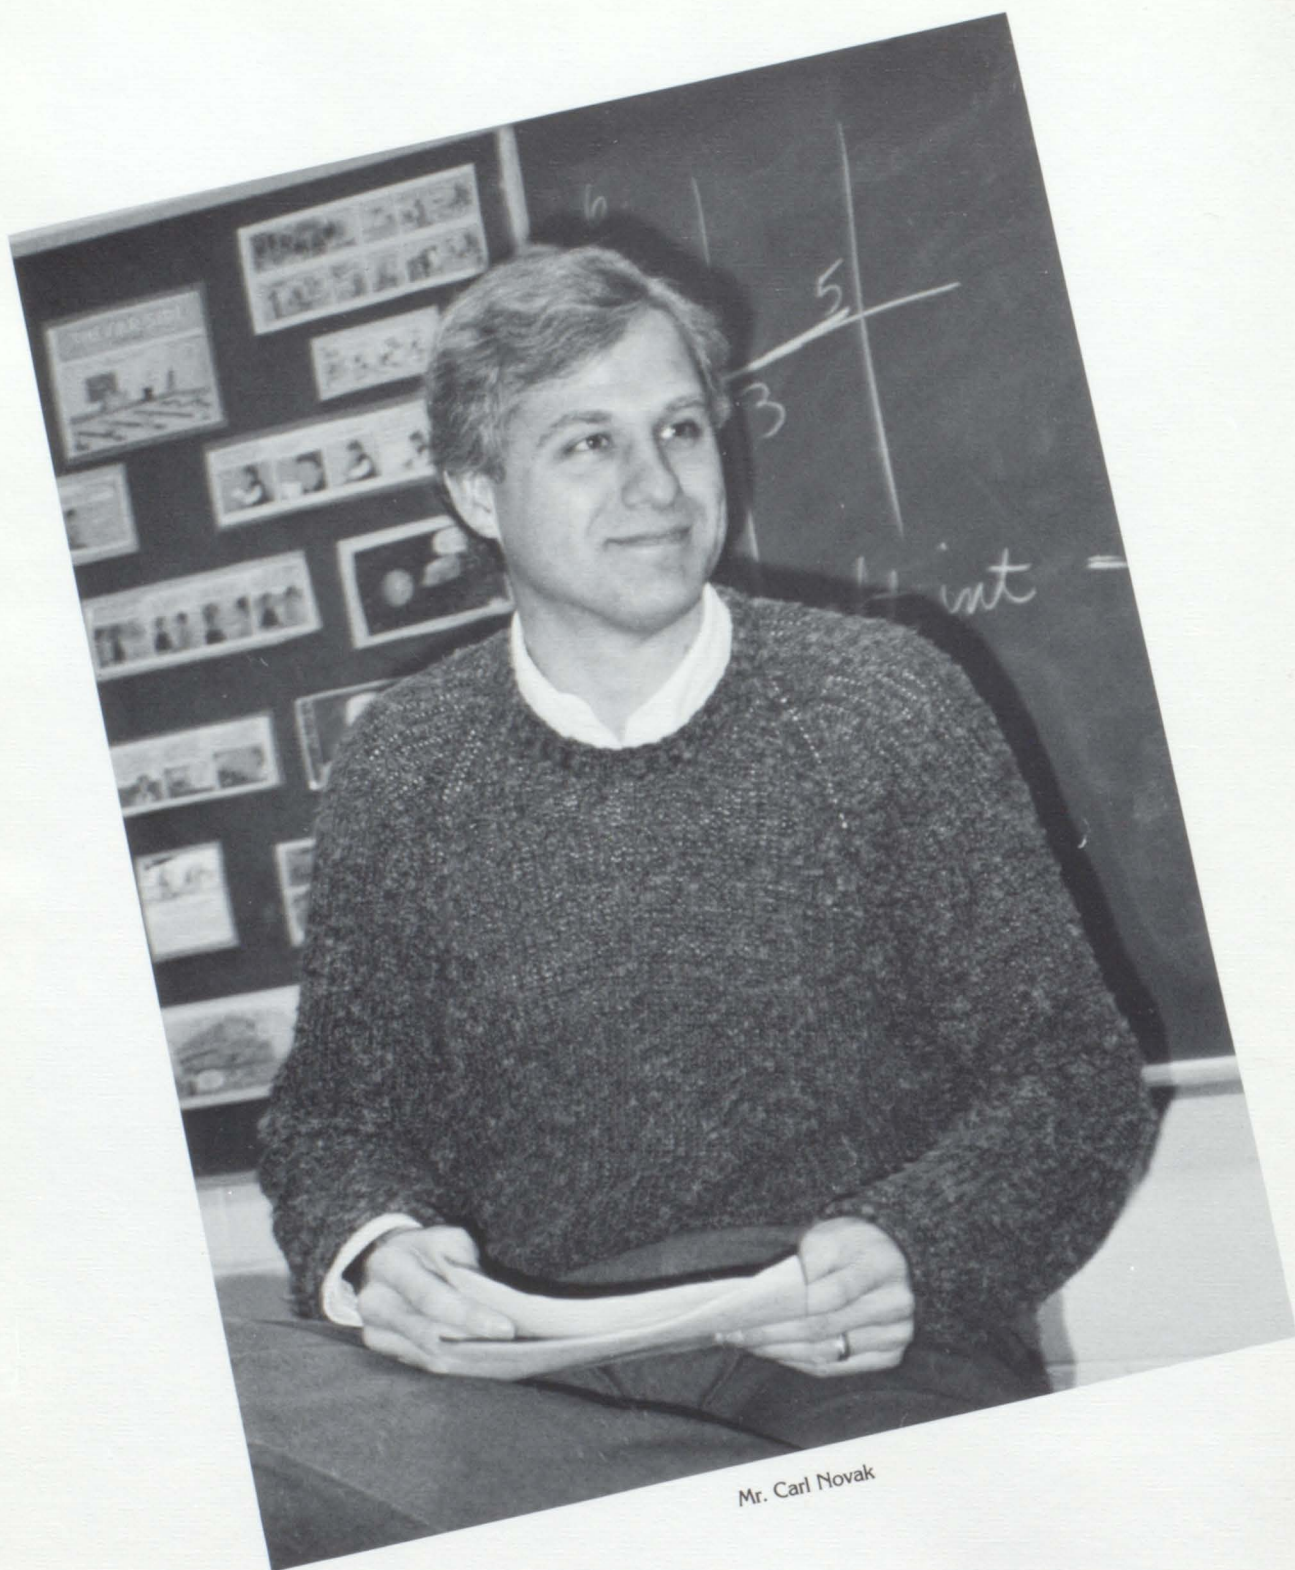

I am the swift upflinging
rush.

Of quiet birds in circling
flight.

I am the soft star-shine
at night.

Do not stand at my grave
and cry ...

I am not there. I did not
die unknown.

Mr. Carl Novak

Teacher of the Year

Mr. Novak was voted teacher of the year. Why do you think he is such a good teacher?

- Mr. Novak has a very special gift of caring and helping all students and faculty. **MRS. GREIMAN**
- Because he treats students with respect and consideration and doesn't put them down. **MRS. MORRIS**
- He does an awful good job relating to the students. **MR. KASTEL**
- He is well prepared and knowledgeable and has a deep concern for all students' welfare. **MR. NELSON**
- He is a nice teacher and helps out. **SHANNON KIRKENDALL**
- He is an understanding teacher. **JEFF CHATFIELD**
- All around joyful guy. **MIKE MORGAN**
- He is a really nice guy and a cool teacher. **JENNY SMITH**
- He is a really nice and understanding teacher. **JULI CRUMB**

Shown in this picture is Mr. Novak and wife Kathy and his two daughters Rachel and Kayla.

Exchange Students A New Door

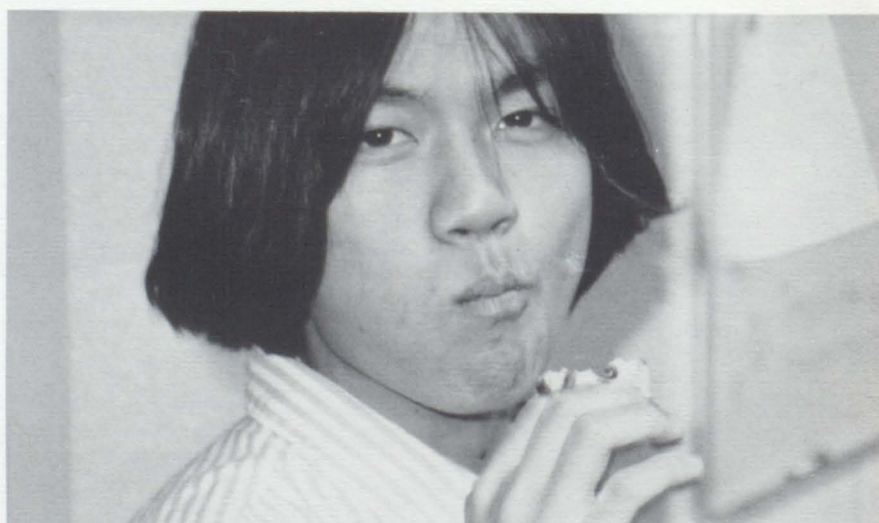

This year THS opened its door to ten senior foreign exchange students. We have Sachie Yoshida and Kenichi Ishikawa, both from Japan, Idola Azaola and Belen Garcia, both from Spain, Esther Westra, and Linda

Finneman, both from Holland, Carlos Puente from Mexico, Claus Lindum from Denmark, and last but not least Marco Lutterman from Germany. We hope all of these new students will

enjoy their HOME AWAY FROM HOME! We hope to have more representation from their countries in the future.

WE WANT YOU TO BEAT CHELSEA!! was one of the themes in this year's annual Art Club window

painting. This window was done by Ben Fox, Casie Heaton, Bob Allen, and Lisa Reichenbaugh. Art Club is

one of the many clubs or organizations available for the T.H.S. student body.

ORGANIZATIONS

THE DOOR TO FUN

It is very easy to join the French and Spanish club, all you have to do is show up at the meetings and/or activities.

The main reason for the French and Spanish clubs is to provide more skills and help French and Spanish students to express their new skills that they have learned in class.

One of the main priorities of the French and Spanish club is to host

their annual reception for the exchange students.

There is an average of 50 members in each club.

Usually the meetings are right after school and are held in Mrs. Wilson and Senior Mejia's class rooms. The meetings last a half hour to a hour.

The members of each club always enjoy the meeting after school.

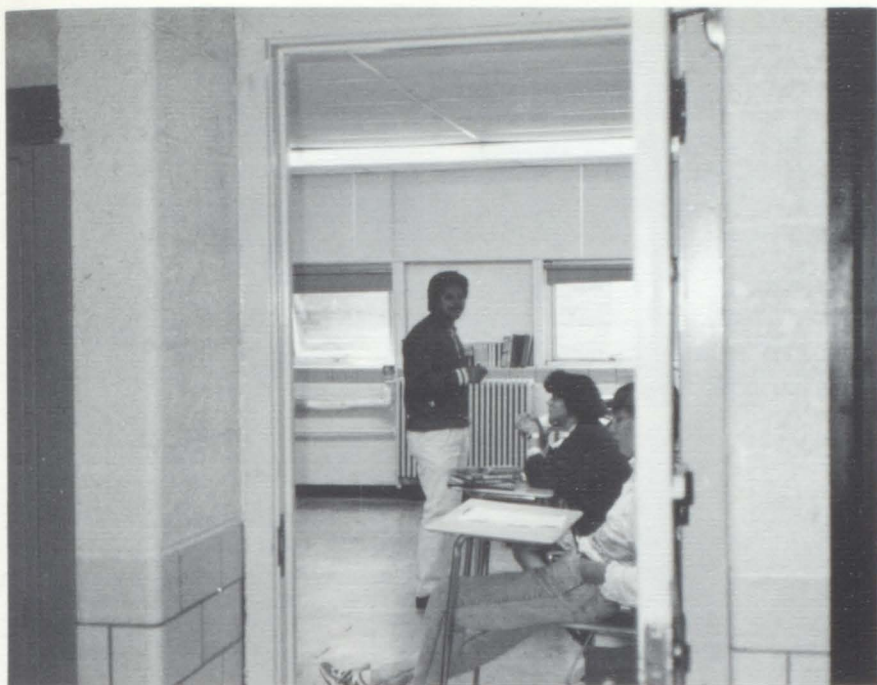

Lisa Burgess and Mark Banks are paying a lot of attention to what Mrs. Wilson has to say.

FRENCH

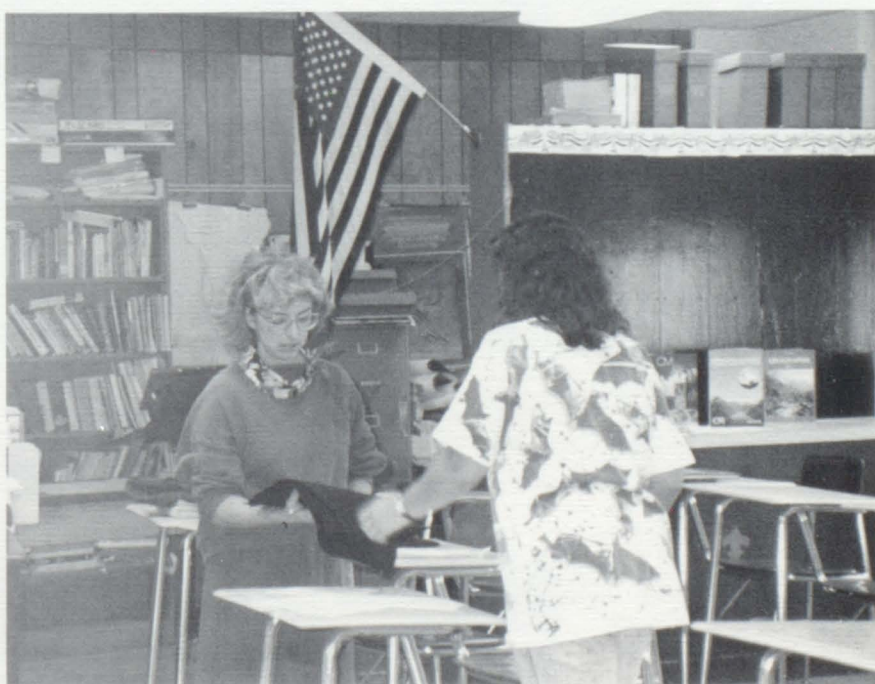

Senior Mejia and some club members share a drink.

Senior Mejia is always ready to look into the camera.

SPANISH

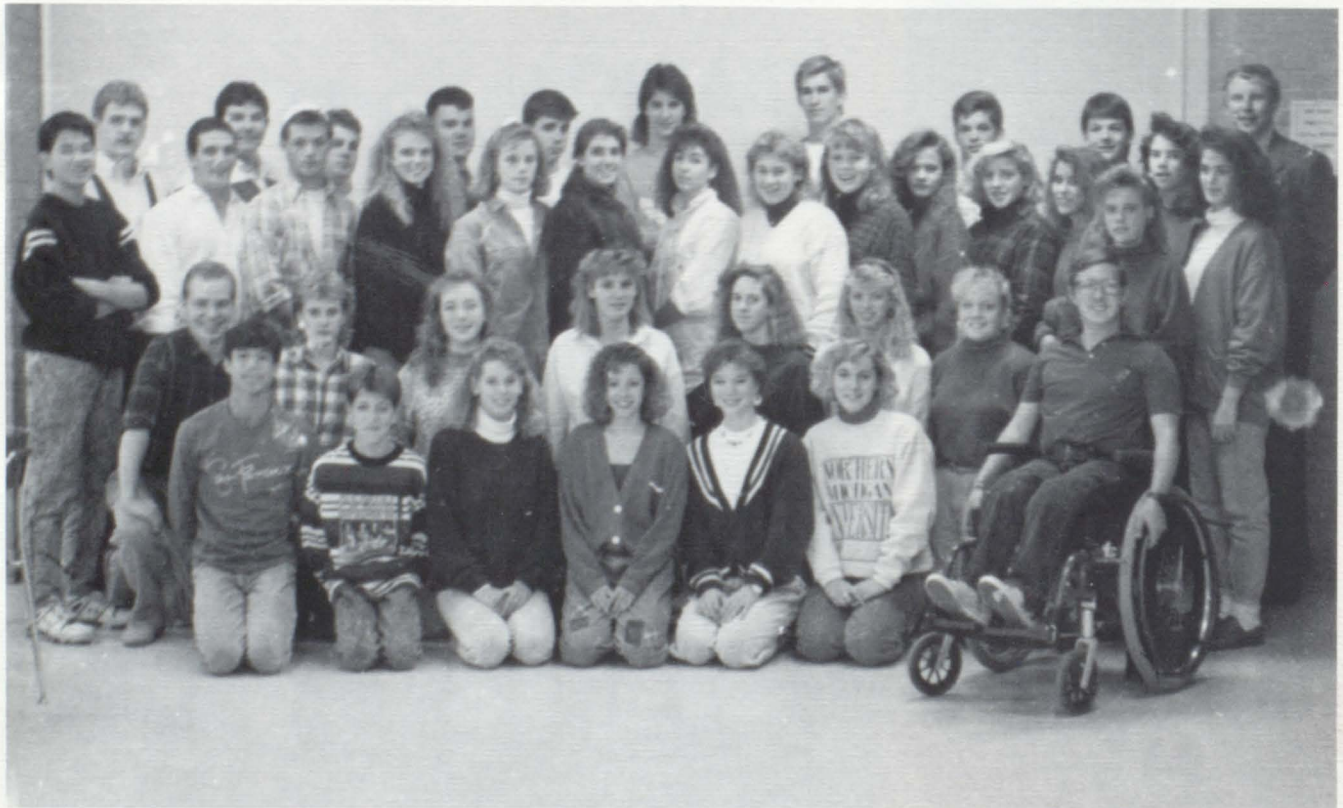

Mrs. Wilson gives advice to a fellow club member.

STUDENT COUNCIL PROJECTS

The main reason for Student Council is to let the administration know how the student body feels about certain ideas and work with them on projects. The main projects are: Homecoming court, and Homecoming, TICWSS, Spring Fling, Beauty and The Beast.

Community Door We Help THS

At T.H.S. there is a special group of students who have been trained to listen to any sort of problem a fellow student might be having. They are peer listeners. A listener needs to be caring, sympathetic, responsible, willing to learn, and able to make time for people who want to talk. A student who is having a hard time coping with shyness, or nursing a broken heart,

may find a peer listener just the person to lend a ear.

Peer listeners are trained to listen, without judging or advising. (They're like a mirror.) They Reflect back to students and let them know their options. Peer listeners meet during lunch on the first Wednesday of every month and after school on the second Tuesday of each month.

The National Honor Society is an organization committed to service. The members devote their time to tutoring other students, holding a Christmas party at the nursing home, sponsoring a toy drive and giving an Easter party to underprivileged children.

Art Club Creativity

The Art Club offers students an opportunity for extra art experience. The students participate in projects like painting the store windows in Tecumseh for Homecoming and painting the Jungle sign that gives spirit to anyone who enters the gym. Students who are interested in joining the art club should see Mr. Frenzen or Mrs. Merrill.

Curth's Clubs VAR. & FCA

"Next meeting this Friday 2:25 1/3" is a typical reminder sent out by the advisor, Mr. Curth. Varsity and Fellowship of Christian Athletes members do a lot of extracurricular activities for the school itself. For example, they keep score, run the clock, and collect money for most of the junior high and high school sporting events. By doing these activities, the two clubs earn money. With this money they purchase clothing, U of M sporting event tickets, and other admission tickets to other energizing events for the members. During the meetings there are little words of wisdom given by the advisor. All and all, this is a good way to spend some time with your fellow classmates and possibly meet new friends.

Quiz Bowl

Equations Team

When one speaks of competition between area schools, you will most often think of athletic endeavors. However, another kind of battle is waged to decide championships, and this one takes place in the classroom, not in body, but in mind.

The Tecumseh Quiz Bowl team enjoyed a very successful season this year starting with the capture of the Lenawee County Tournament championship this summer and capping the regular season off by earning co-champion honors with Saline in the Washtenaw Area Quiz Bowl League with an 8-2 record. Awarded All-League honors were Vito Aiuto, 1st Team, and David Greene, 2nd Team. By way of the two championships, Tecumseh will send two teams to the state tournament in Port Huron in May.

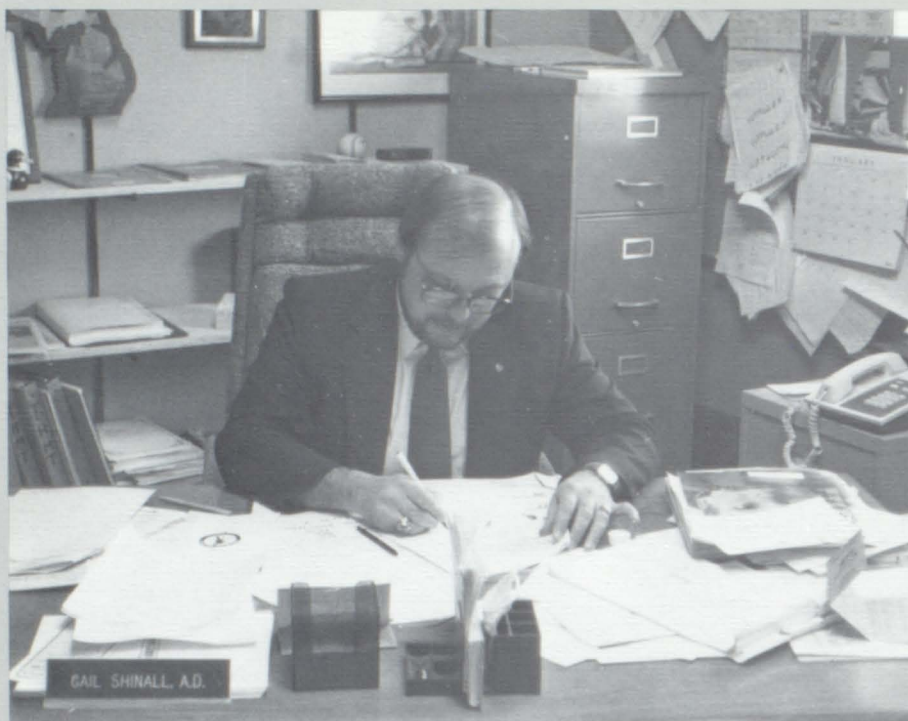

THS was also well represented in Equations competitions, which consists of the computation of mathematical problems in a strategic fashion for points. The team captured 1st Place for the second straight year in their league tournament, the LALAG (Lenawee Area League of Academic Games). Leading performers for the team were Tim Brunetz, Kaylene Majeske, Micah Cross, and Sean Stapleton.

ATHLETICS

Varsity Football Shut Doors

A promising season gone bad. That is what happened to the Indian varsity gridders this season. After a two and zero start they went on a zero and seven skid. Although it was a very difficult season to endure, none of the players ever gave up.

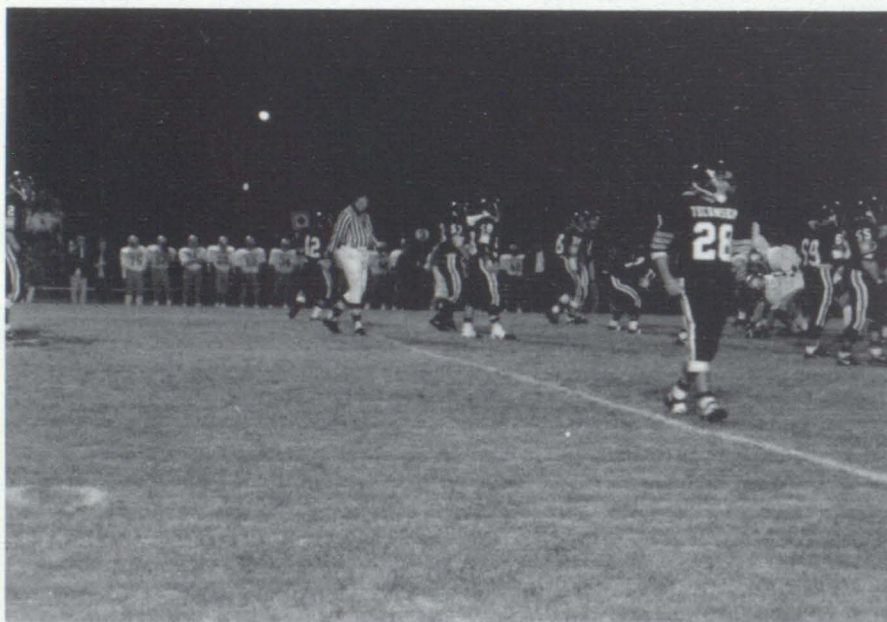

In a season full of disappointment,

there were a couple of bright spots. Senior Scott Long made all-league and all-county, and Sophomore Brian Burns made all-county.

The overall record for the season was two and seven with a one and five Southeastern conference record.

JV Frosh Football Potential

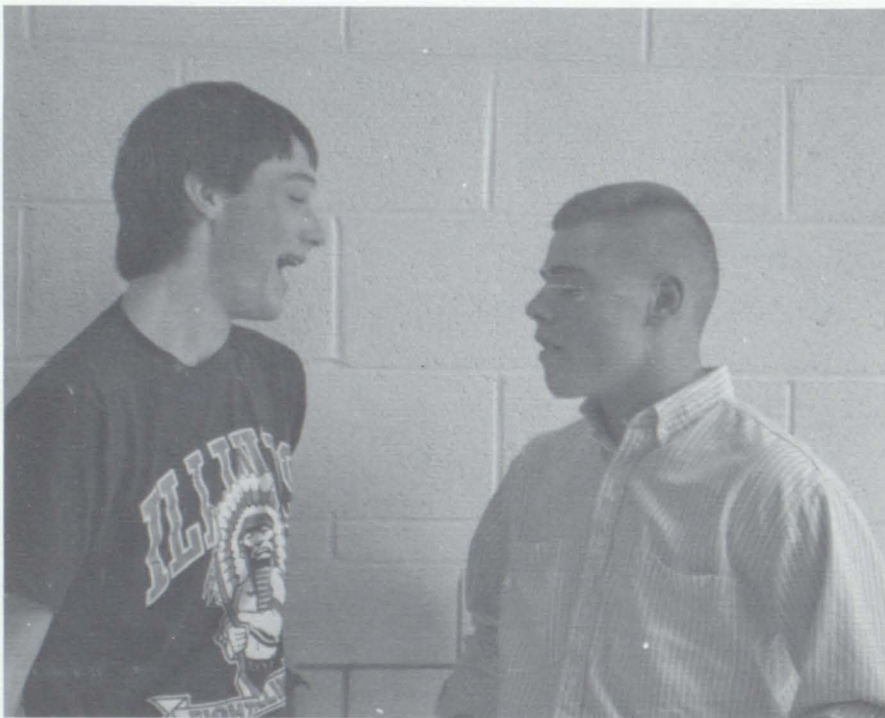

J.V. football had a very impressive season winning eight out of nine games and capturing a league title. The only blemish on an otherwise perfect season was a one point loss to Jackson Northwest. They had a per-

fect six and zero record in the Southeastern conference.

The freshman team also had a stellar season finishing at six and three, while going three and zero in the Southeastern conference.

The golf team was not the only fall sport tearing up the courses, as well as their competition. The boys cross-country squad enjoyed a very successful season, placing second in the always tough S.E.C.

Leading the way was senior David Greene who was an All-League selection who placed 35th in the state, Class B. Also achieving All-League honors was sophomore Lonnie Flores. Playing key roles in the campaign were Steve Warren, Ben Fox, Shane Mozena, and Adam Goodrow.

In addition to the fine regular season, the team placed no less than 3rd in the four invitionals that they completed in, winning the Carlson Invitational.

"It was a good season," said Coach Bill Croft. "They worked hard and accomplished a lot and they had a lot of fun too."

With this kind of winning attitude, the team looks forward to continued success.

Freshman Nicole Randolph makes it look easy as she cruises to another victory.

The girls Cross Country team also had a tremendous season with freshman Nicole Randolph capturing the individual state title. She also set a new school record, eclipsing the old mark by nearly two minutes.

As for the team, they finished third in the S.E.C. behind powerhouses Saline and Chelsea. A team that started out very young and inexperienced developed into one of the top teams in the state. They showed this by winning the Hudson Invitational and finishing in the top four of three others.

Other key performers for the season were: Carrie Crumb, Heather Sodergren, Teresa Nelson, Julie Dykas, Shannon Freshcorn, and Renee Feldman.

Sophomore Teresa Nelson, seen finishing here, comprises a part of a promising future in Tecumseh Cross-Country.

Golf On Course

This season was a very ironic one for the Golf team. Their 11-2 record was the best since 1981, however the team average was the worst it has been since 1973.

They had a 10-2 league record, good enough for a second place fin-

ish behind undefeated Saline.

At the league meet they finished second, and at the regional a fourth place finish was accomplished without the top two players. Thus, finishing just shy of a berth in the state meet.

As for individual honors, Senior Brian Haggard was most valuable player and an all-league selection. Junior John Neitling had the best individual record, and Junior Chad Blaker was most improved.

League championships are won with hard work, commitment, and overall good talent. The girls J.V. basketball team combined all of these components en route to winning the S.E.C. title.

Another reason for their success was consistent play and steady improvement throughout the entire season. A good attitude also contributed to the stellar season.

Several players were cited for their outstanding play. Stacy Dapprich, Erin Schick, and Jenny McBride were named to the Western Invitational all-tournament team.

Teamwork, unselfishness, and a good attitude brought the Indian Girls Cagers quite a fine season. Though they may have fallen short of their goal of winning the S.E.C. title (by just one game), the season had its highlights.

These included being undefeated at home, beating an undefeated Blissfield squad, and pummeling Jackson Lumen Christi, ranked 3rd in Class B, in their last home game.

Unfortunately, the post season was cut short

by league champ Chelsea, at Chelsea, in the district opener. However, the girls could still be proud of a super 17-4 record.

Earning individual honors were Cori Kastel (SEC — 1st Team, Region — 2nd, County — 2nd), Wendi McCarty (SEC 1st, Region 2nd, County — Honorable Mention), and Terrie Ellison and Julie Oxley, both SEC Honorable Mention.

The Tecumseh Wrestlers capped off a successful season, sending several to State competition. Kip O'Leary, Tino Jiminez, and Phil Jaimes all qualified for the Regional tourney by placing well in the district. O'Leary and Jiminez moved on to

Team leaders included MVP O'Leary who led in most categories

Varsity B-Ball Dream Team

After a super 17-7 record, league and District titles, and the graduation of 5 of the top 6 players in 1988-89, most Varsity Basketball teams might be expected to fall off a bit, how did the Indians respond to this scenario?? Another league title, another District title, a Regional championship, and a respectable loss to eventual State Champions Birmingham-Detroit Country Day, featuring All-American junior Chris Webber. All of this within a 23-3 season, breaking school records for total wins and wins in a season. (18)

How did the cagers construct this dream season? Talent, said Coach Ed Oxley, citing this year's squad as the most talented he's ever guided. Talent, as well as the team chemistry to bring it all together by each player accepting his own role on the team and playing well together.

The Indians opened by upsetting state-ranked Jackson Lumen Christi, 74-69, setting the tone for the rest of the year, as the Indians always rose to the occasion against stellar competition and proved to be unbeatable at home. After a string of 6 wins, the injury-plagued Tribe dropped two big games in a row, two to state-ranked teams: Blissfield and Chelsea. After the loss to Blissfield, the cagers looked to put a streak together to regain 1st Place in the S.E.C.; and they did, win-

ning a record 17 straight games and in the process vaulting back to the top of the S.E.C. The stretch was highlighted by the whipping of Chelsea at home in front of the toga-attired, largest crowd in THS hoops history (1500+ in the gym, 300+ viewing closed circuit television in the cafeteria).

The Tribe looked to the tournament with high hopes, drawing Chelsea, at Chelsea in the opener. It was nip and tuck the whole way, with Andy Poppink sealing the victory hitting a game-winning free-throw with :00 on the clock to give Tecumseh the grudge match victory, 56-55.

The team breezed through the rest of the District with little trouble, winning their 3rd straight District title in an 85-60 embarrassment of Dexter.

On to the Regionals, where the team had been stopped the previous two years in the opener. This time they would not be denied, having a surprisingly easy time with Willow Run. Next was Riverview Gabriel Richard, the team that had handed the cagers their season-ending loss a year earlier. No such luck for Richard this time, as the Tribe rolled to its first Regional title in 12 years with a 10 point victory. Looming ahead: Chris Webber and the reigning Class C State champs, Bir. Det. Country Day. Picked as the favorite to win the 'B' title since the pre-season, the Indians

tried to play David to Day's Goliath.

Tecumseh hung tough for a half, trailing by only 5 after 2 quarters. But, in the second half, Webber and Co. turned it on and the Tribe fell, 69-50. Some consolation came in the fact that Day went on to win the State title, and as it turned out the Indians had played them as tough as any team had or would the rest of the way.

After the season, individual honors were bestowed, and the Indians had their rightful share, including:

JEFF THOMAS — 1st Team ALL-SEC, -REGION, -COUNTY, Hon. Mention ALL-STATE AP Poll and Det. News/Free Press.

ANDY POPPINK — 1st Team ALL-COUNTY, 2nd Team ALL-REGION, -SEC 6th Team ALL-STATE Det. News/Free Press.

JIM THOMAS — Honorable Mention ALL-SEC, -REGION, -COUNTY

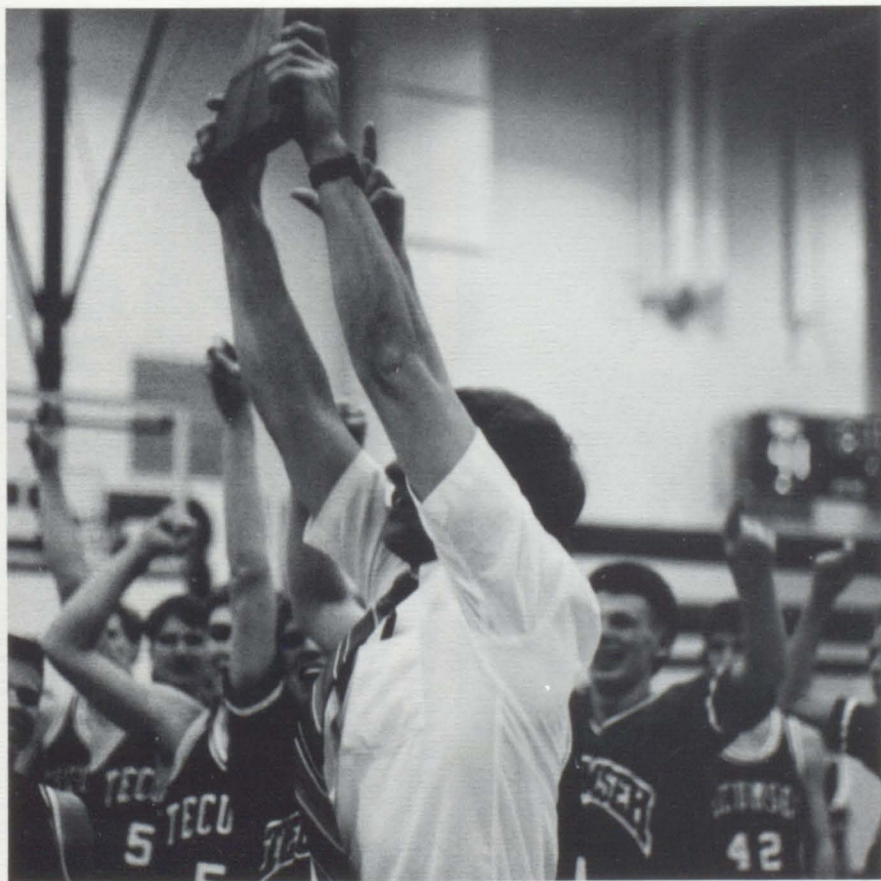

As well as these players, contributing to the Indians' success was sophomore starter Brian Burns. Off the bench, the Tribe was aided most by Jon Kuhman, Ryan Hughes, Tony Martinez, and Vito Aiuto.

Chad Ward drives in for an easy bucket.

J.V. AND FROSH

The Junior Varsity basketball team had a successful year. The team record was 14-6. The players all worked hard individually and together. Practice after practice they'd try to improve their effort, ability, and skills. In order for the players to go out on the court and have dominance over the

other team, they needed to believe in themselves along with have the potential to work hard. They got this confidence from their coach, Ron Spagnoli. J.V. players got first place in SEC with a record of 10-2.

Volleyball Side Out

Volleyball has become an institution around THS. And this year's J.V. spikers kept the tradition alive. With a superb 23-5 record, Coach Pomy continues his string of never having a losing record in any sport. The team compiled an 11-5 league record securing them the SEC crown. What was the reason for this fine performance? Hard work, good effort, and

overall superior talent.

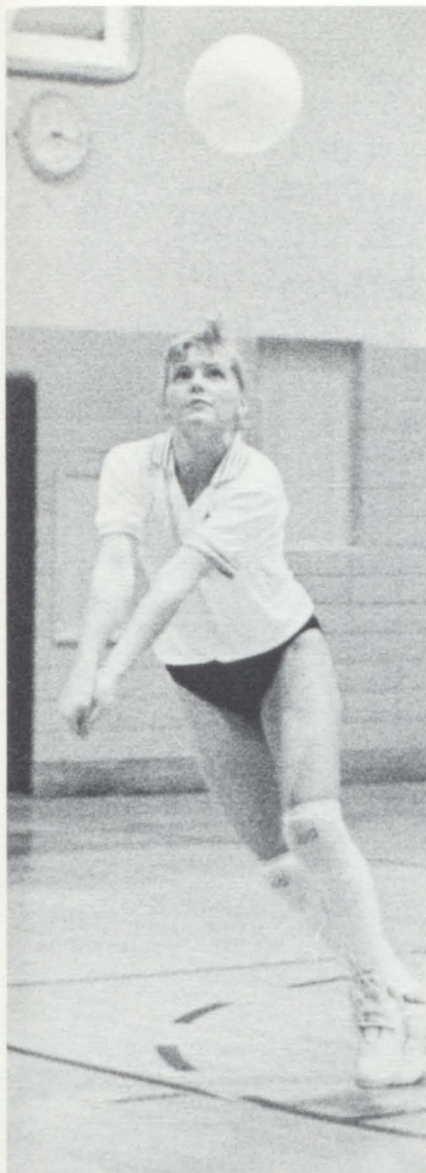

Four sophomores who had played key roles for the Indians during the season, Trica Johnson, Jamie Van-Riper, Carol Hackstedde, and Julie Oxley, were moved up to the varsity squad midway through the campaign. However this had no apparent effect on the team as they continued to play strong.

Kris Russell saves the team by using her body and getting the out (Above).

Kim George making another attempt towards another Indian's victory (Right).

The T.H.S. Varsity team had a terrific season. Their team was coached by Lori Spotts. Coach Spotts had fifteen players on her team this year. She has seven returning players: Chris Bandurski, Terrie Ellison, Kim George, Tara Grieman, Cori Kastel, Kris Russell and Cindy Seitz. The other members of the varsity team are: Edie Anklin, Leah Dunham, Jill Hawley, Monica Hillard, Liz Schmidt, Jill Synder, and Traci Towne.

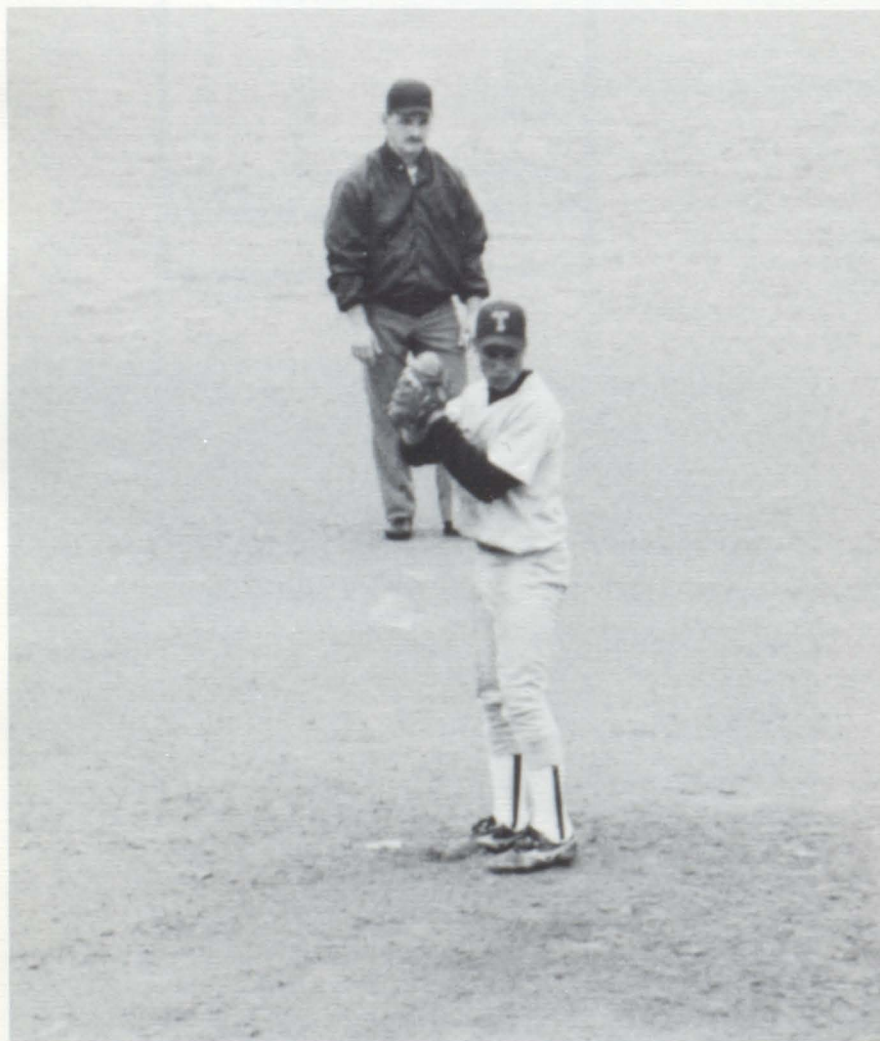

Varsity Baseball On Base

The boys Indian varsity baseball team had a very successful season this year despite having a relatively young team. The team won the S.E.C. regular season title, clinching the championship with a home sweep of Chelsea, reminiscent of the basketball team's victory over the league rival Bulldogs, as well as the S.E.C. tournament title. The team finished with a 11-1 league record, and a 21-1 overall standing, one of the finest records in the state, earning them recognition by the state, being ranked as high as 2nd in the Class B polls. At press time, the team stands poised, capable of making a very long run in the state tournament.

Some of the leading performers for the Indians were left fielder Brian Burns, 1st

Team All-S.E.C., who broke the career home run record in one year (catcher Steve Bailey promptly won that title back from Burns, and at press time, the two were battling for the top spot), pitcher and 1st baseman Matt Conrad, 1st Team, who sported a 500+ batting average that was at one time, 3rd in the state, Bob Hathcock, 1st Team, a top pitcher, batter, and fielder, and 2nd baseman Jay Ellis, 1st Team, who was one of the Indians' most consistent players. Some other top performers were Bailey, 2nd Team, center fielder Ben Dykas, 2nd Team, right fielder Jason Jordan, 2nd Team, and shortstop Heathe Fowler, Honorable Mention.

Matt Conrad stands on first base and awaits coach Rentschler's instructions.

Team members head into the dugout after playing defense and getting a lecture from Coach Ondrovick.

Frosh Baseball

What do the frosh baseball players have to say?

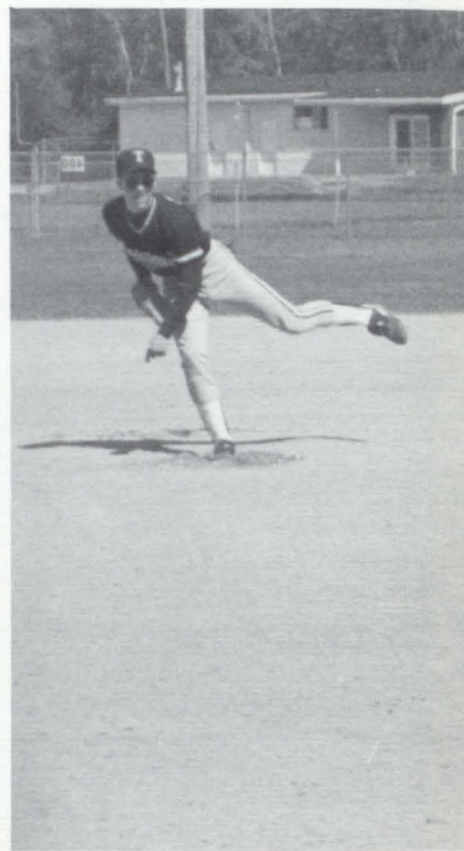

"It's awesome and it's fun!" said freshman baseball player, Patrick Bagby about baseball.

According to Jason Smith and many others, the most valuable players on the frosh team are Patrick Bagby, Jeff Barkway, and Troy McCrate.

One of the pitchers, Troy McCrate said that some of the practices were hard. Jeff Barkway added that he likes some of the practices at times.

Right: Troy McCrate throws a perfect pitch to the batter.

JV Baseball

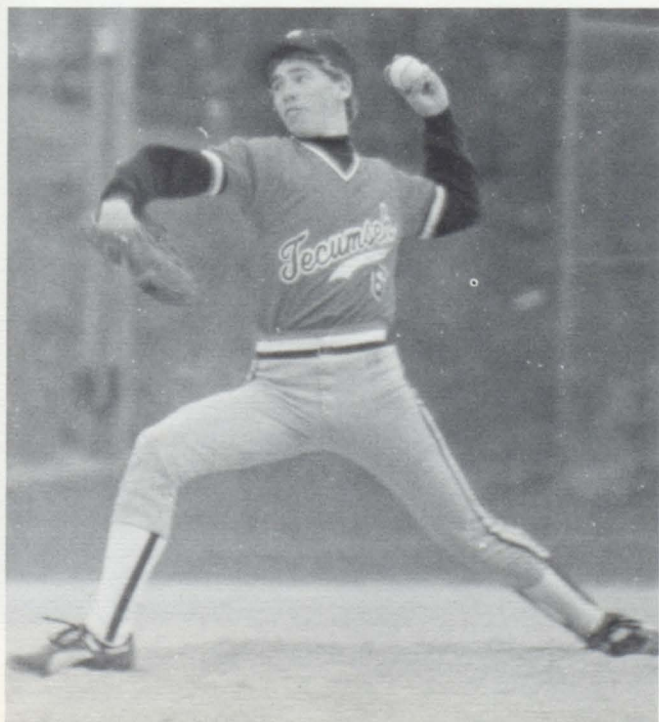

And the JV's?

JV baseball player, PJ Baker remarked, "To be involved in sports, you have to work as a team."

Chris Greiman said, "Baseball is a fun, competitive sport with good team work that will bring you closer to your friends."

Chris and PJ both think that the team doesn't have a most valuable player, everyone plays good. Erik Celesnik agreed.

Lower left: JV Jason Proctor pitches to try to strike out the batter.

Cheerleaders Respect!

Although some may disagree, this year's squad, through determination, teamwork, and lots of practice, have proven that cheerleading, is indeed a sport.

This summer, both the J.V. and the Varsity teams fared very well in the various competitions that they enter-

ed. At the University of Michigan Camp competition, both squads took 1st place in the sideline competition, while the Varsity also took a 2nd in the cheer competition. Both teams also placed a very respectable 3rd at the Tri-County Comp.

As well as the team's success,

senior co-captains Carmen Curry and Jen Sisty were named to the UCA (Universal Cheerleading Association) All-Star Team, and were invited to perform in London on New Year's Day.

The Tecumseh Varsity cheerleaders, shown here cheering at Chelsea High, display the spirit and team-

work that earned them top honors at the U of M Cheering Competition this summer.

Chris Tooman and Jeni Hawkins greet our photographer Joe Anderson on the Homecoming parade route. Amy Hammond seems less enthusiastic!

When asked what aspects of cheerleading they most enjoyed, Carmen Curry said the close friendship with the other girls. Said Erin Hug, "Competition is fun, but demanding. Everything, our hair, make-up, uniforms, shoes, jumps and stunts must be in exact synchronization. It is tiring to the body and mind."

All the girls agreed that cheering was worth all the hard work and very rewarding. After their success, we agree.

Freshmen cheerleaders include, from top: Cody Butler, Nancy Snyder, Aimee Bone, Amy Clemente, and Keely Sopko

Mr. Graham

This year, one of T.H.S.'s best teachers, Mr. Graham, will retire. Mr. Graham, who has taught such classes as accounting, business math, personal typing and many more, will be greatly missed. We wish Mr. Graham many wonderful years of retirement, and we hope he has thought that teaching was well worth the time that he put into it. Pictured at right.

Graduation

Surrounded by the sounds and sights of spring another class of seniors exhalt in the glory of their accomplishment. We now enter the world full of hope, a longing, that our dreams may come true. With explosive force we rocket our different ways, wondering if our strength will endure until our goals are reached.

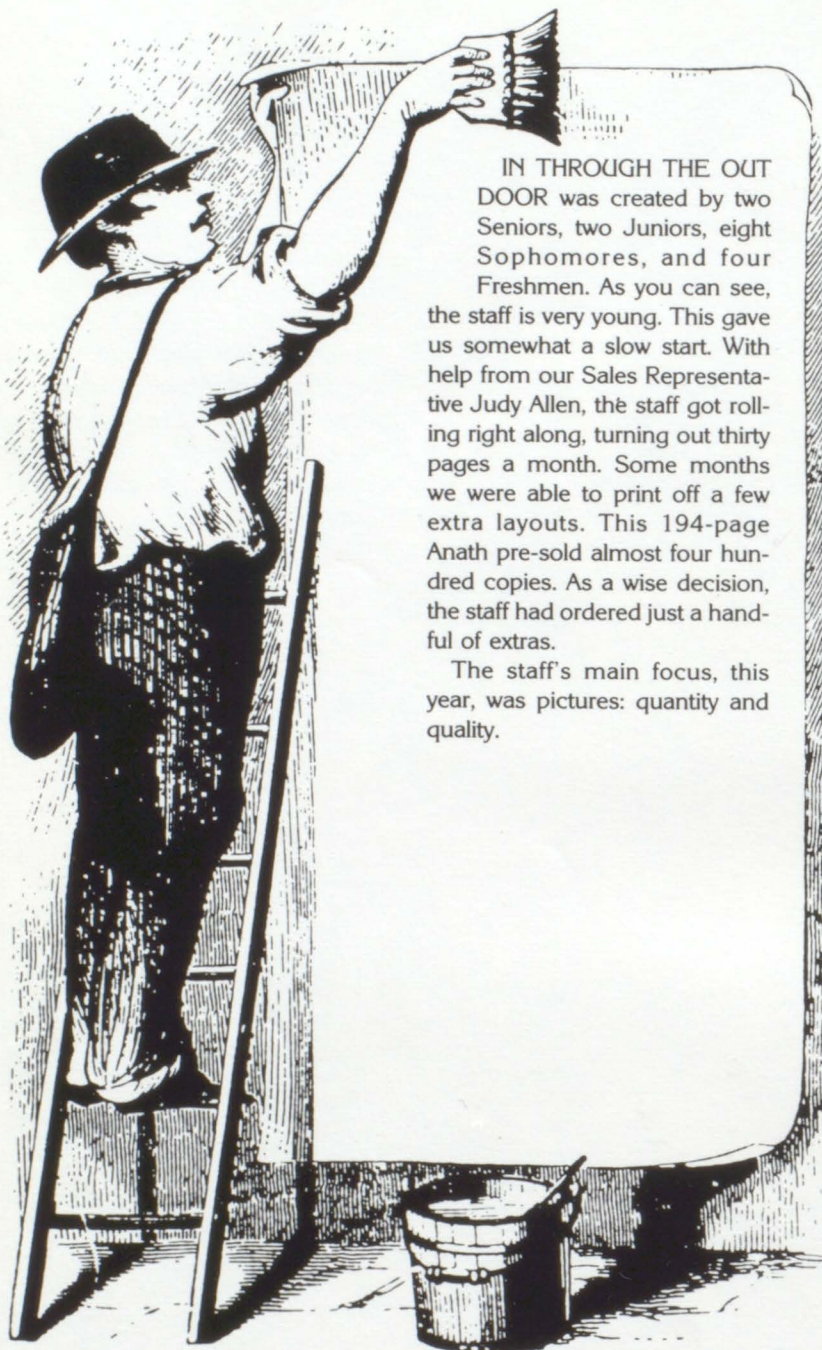

June 3, 1990

Day

*"So there you
have it . . ."*

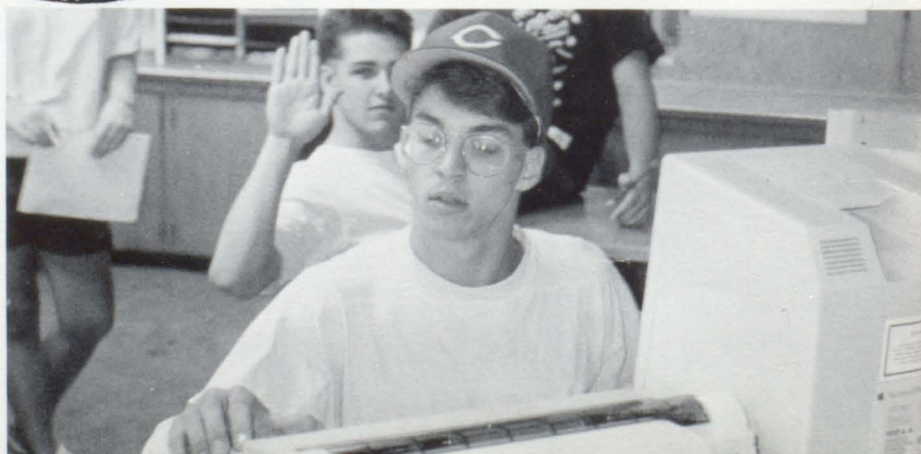

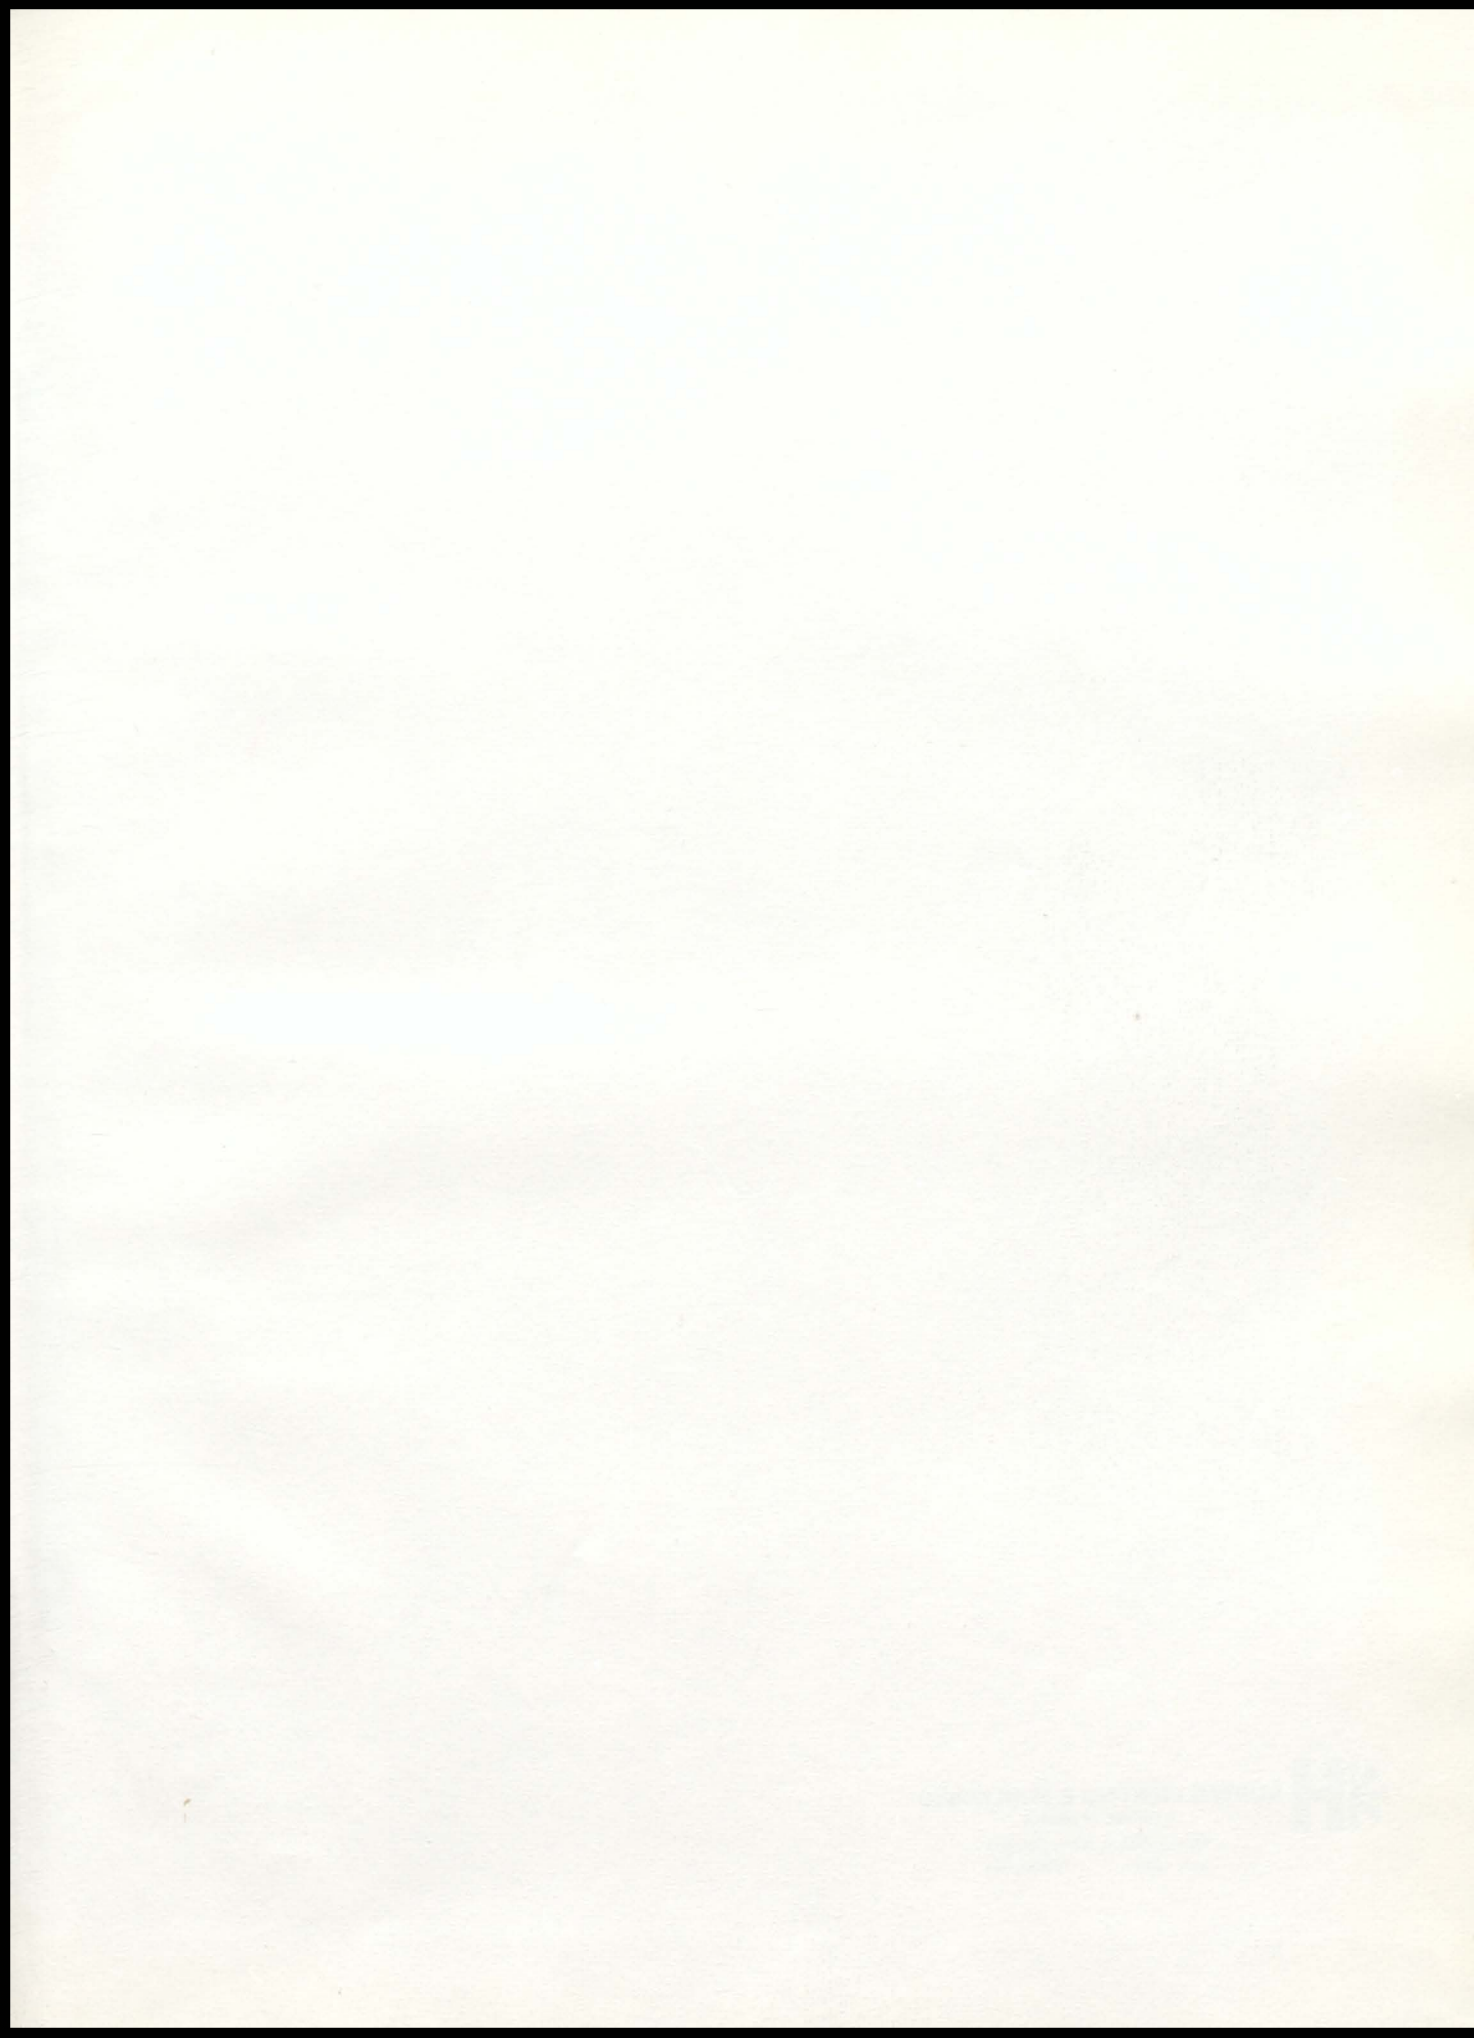

IN THROUGH THE OUT DOOR was created by two Seniors, two Juniors, eight Sophomores, and four Freshmen. As you can see, the staff is very young. This gave us somewhat a slow start. With help from our Sales Representative Judy Allen, the staff got rolling right along, turning out thirty pages a month. Some months we were able to print off a few extra layouts. This 194-page Anath pre-sold almost four hundred copies. As a wise decision, the staff had ordered just a handful of extras.

The staff's main focus, this year, was pictures: quantity and quality.

"It has been real, it has been fun." That has been the summary of this year's episode of the 1990 Publications class. Special thanks goes out to Jerry O'Brien, Kevin Trickey, the secretaries in the Athletics and Administrative offices, and anyone else who I have forgotten that played a role in this episode. Mrs. Lancaster, thanks a lot for the support and guidance that you have provided me with.

I have learned a lot this past year with the coming of the computers and all. The staff took full advantage of the computers. As I am doing, the printer has to be reset often for the copy to fit on the page or pages required.
